About Me

Hey there! I'm an Electrical Engineer with a huge interest in software development. I'm currently on a mission to learn Full Stack Development, UI/UX Design, and Data Science. I've also got some experience working with WordPress, which helps me create cool and easy-to-use websites. I want to combine my engineering knowledge with my new skills to create awesome and innovative solutions in the digital realm.

Experiences

Trainee WordPress Developer

SolSyntax | Gilgit, Pakistan

As an intern in WordPress development at Sol Syntax, I gained hands-on experience in building and customizing WordPress websites. I learned how to work with various WordPress plugins and themes, to create dynamic and responsive web solutions

2023 - 2023

On Going Certificates

1)WQU Data Science Certificate

2)Full Stack Development App Brewy

3)UI/UX SolSyntax

Development Tool

- VsCode
- Jupyter Notebook
- Figma
